March 11th EBARC Meeting Peter Hoffman, W6DEI

**We'll meet in the community meeting room
at the El Sobrante Library, 4191 Appian
Way. Enter through the back door.**

Our March speaker is Richard Dillman, W6AWO. He'll talk to us about the history of wireless and radio station KPH. First licensed in 1958, Richard is now a proud founding member of the Maritime Radio Historical Society (MRHS). This organization is dedicated to the preservation of the skills, traditions, and lore of maritime radio through the operation of coast station KSM, the first new commercial coast station in decades. The objective to acknowledge, honor, and commemorate the men and women who made the profession of radiotelegrapher one of honor and skill, both ashore and afloat.

Keep Your Batteries Charged!

President's Message Jay Sparks, KJ6HSH

Once again, I missed a great presentation; Thanks Bob! Thanks also to Peter, for running the meeting for me. Sadly, I'll miss the March meeting too.

With thoughts toward Field Day, I'll reserve the usual spot at Cesar Chavez Park in Berkeley. I'd like to set up a table with a demo of radio theory; just something simple, touchy-feely, to engage youth. Suggestions are welcome. Mark your calendar for June 25-26.

ARRL has a social media presence on both Facebook and Twitter. Also, I noticed a free 5-part antenna manual on my Twitter feed, @rajama.

Bob Grove, W8JHD, published *All About Antennas*, which may be of interest to some of you. Here's the URL for it:
